If you could, let us know when the fence is going up and we can make sure and do a walk through to ensure no squatters have reattached themselves to the roof or other hiding places.

Thank you and have a great weekend.

Miki -

I think that might explain it!

We are checking.

The prior owner had pre-paid the fence lease for a year. Perhaps the lease expired and the fence company removed their fence!?!

We were not notified by them b/c we were not on the lease.

If you guys did not remove it (why would you?), then that has to be the answer!

Thanks for checking into it for me. We will get a new fence out there ASAP.

Vic

Victor,

Is there any possibility that your fence company got their wires crossed? One of our PM's said he saw a fence company out there yesterday on his way back from the gym (2:00 ish?).

WOW...I don't. I will start doing some digging. Don is at a BID meeting today, so he might not respond right away.

Hi Don and Miki.

We've got our soils engineer on site today drilling some borings.

He reports to me that the fences on both Sepulveda and Manchester are gone!

Do you know anything about this? One of our maintenance guys was out there a few weeks ago to patch an opening in the fence.

So, this must have happened sometime after we spoke around October 25th.

Please email me back or call me directly 310-709-3210.

Thanks,

Vic

Victor, I have some better news. With your permission, I'll have our Westchester Town Center BID clean-up crew go on to your site and do the necessary clean up. I'll also make sure the property is posted properly to enable enforcement. Can we do that for you?

Hi Victor,

Sorry to be the bearer of bad news, but our LAPD Senior Lead Officer inspected your property with the BID Ambassador and found a hole cut in your fence and an encampment set up in the entry way (southside of building) outside of the restaurant. Officer Garcia is hoping you can get the encampment cleaned up and repair the fence as soon as possible.
